Introduction

The *2018–19 English Language Proficiency Assessments for California (ELPAC) Information Guide* is designed to provide local educational agencies (LEAs) and schools with the information they need to:

1. Understand the differences between the Initial ELPAC and the Summative ELPAC.
2. Understand the initial identification and reclassification processes for English learners (ELs).
3. Provide information about assessing English learners with disabilities.
4. Prepare teachers to understand and use their students' ELPAC results.
5. Communicate ELPAC results to parents and guardians.

State and federal laws require that all students whose primary language is other than English be assessed for English language proficiency (ELP). The legal basis for requiring ELP testing is that all students have the right to an equal and appropriate education, and any English language limitations left unidentified and/or unaddressed could preclude a student from accessing that right.

The ELPAC is the state's newly designated test of ELP. It is administered (1) as an initial assessment to newly enrolled students whose primary language is not English, as indicated on a home language survey (HLS); and (2) annually as a summative assessment to students who have been previously identified as ELs.

In November 2012, the State Board of Education adopted the English Language Development Standards (2012 ELD Standards), which are aligned with the Common Core State Standards. The ELPAC is aligned with the 2012 ELD Standards, which can be found on the California Department of Education (CDE) website at <https://www.cde.ca.gov/sp/el/er/documents/eldstndspublication14.pdf>.

Additional ELPAC resources, along with contact information, are available through links provided on the CDE ELPAC web page at <https://www.cde.ca.gov/ta/tg/ep/>. A listing of contact information, by topic, is available on the CDE ELPAC and ELs Contact Information web page at <https://www.cde.ca.gov/sp/el/> and on pages 48 and 49 of this guide.

For more information about the new ELP assessment system, contact the English Language Proficiency and Spanish Assessments Office by phone at 916-319-0784 or by email at elpac@cde.ca.gov.

Section 1

Overview

What's New

Program Overview

Domains and Task Types

What's New

Welcome to California's new *English Language Proficiency Assessments for California (ELPAC) Information Guide*!

The Initial ELPAC became operational on July 1, 2018. Local educational agencies (LEAs) will enter individual student raw scores from the Initial ELPAC into the Local Scoring Tool (LST) to produce the official score.

The official score for the Summative ELPAC will be produced by the test contractor after materials have been submitted for scoring. LEAs will have the option to locally score the Summative ELPAC for preliminary results beginning spring 2019.

Program Overview

State law (California *Education Code* [EC] sections 313 and 60810) and federal law (Titles I and III of the Every Student Succeeds Act [ESSA], the reauthorization of the Elementary and Secondary Education Act [ESEA]) require that LEAs administer a state test of English language proficiency (ELP) and develop an English Learner Progress Indicator (ELPI) for (1) newly enrolled students whose primary language is not English, as an initial assessment; and (2) students who are English learners (ELs), as a summative assessment. For California's public school students, this test is the ELPAC.

The Initial ELPAC has one purpose:

- To identify students who are ELs or are initial fluent English proficient (IFEP)

The Summative ELPAC has two purposes:

- To determine the level of ELP of EL students
- To assess the progress of EL students in acquiring the skills of listening, speaking, reading, and writing in English

All students in kindergarten¹ through grade twelve (K–12), ages three through twenty-one, whose primary language is a language other than English must take the Initial ELPAC to determine whether they are ELs. This must be done within 30 calendar days after they are first enrolled in a California public school or 60 calendar days prior to instruction, but not before July 1, per ELPAC regulations. The Summative ELPAC must be given annually to students identified as ELs until they are reclassified to fluent English proficient (RFEP).

Administering the ELPAC

Initial ELPAC Administration

The testing window for the Initial ELPAC is July 1 through June 30. Only test examiners who are employees of the LEA, are proficient in speaking English (which means complete command of pronunciation, intonation, and fluency), have signed a security affidavit, and certify that they have received formal ELPAC training may administer the Initial ELPAC. The Initial ELPAC is an untimed test, but the following times are provided to help schedule testing sessions:

- The Speaking domain is administered individually to all students in K–12. For students in kindergarten and grade one, the Speaking domain takes approximately 5 to 10 minutes to complete. For grades two through twelve, it takes approximately 10 to 15 minutes for each student to complete the Speaking domain.

¹ Kindergarten includes year one of a two-year kindergarten program, often referred to as transitional kindergarten.

- For students in kindergarten and grade one, the Listening, Reading, and Writing domains are administered individually, and the estimated time required is approximately 15 to 30 minutes per domain.
- For students in grade two, the Listening, Reading, and Writing domains are administered in a small group of up to 10 students. It takes about 30 to 45 minutes to complete the three domains.
- For students in grades three through twelve, the Listening, Reading, and Writing domains are administered in a group of up to 20 students. It takes approximately an hour to complete the three domains.

The testing schedule may be altered to give students sufficient breaks to avoid fatigue. The test may be administered over the course of several days; however, an entire domain should be administered in a single setting.

Summative ELPAC Administration

The testing window for the Summative ELPAC is February 1 through May 31. Only test examiners who are employees or contractors of the LEA, are proficient in speaking English (which means complete command of pronunciation, intonation, and fluency), have signed a security affidavit, and certify that they have received formal ELPAC training may administer the test. The ELPAC is an untimed test, but the following times are provided to help schedule testing sessions:

- The Speaking domain is administered individually to all students in K–12 and takes about 10 to 15 minutes for each student to complete.
- For students in kindergarten and grade one, the Listening, Reading, and Writing domains are administered individually, and the estimated time required is approximately 15 to 30 minutes per domain.
- For students in grade two, the Listening, Reading, and Writing domains are administered in a small group of up to 10 students. It takes about an hour and a half to complete the three domains.
- For students in grades three through twelve, the Listening, Reading, and Writing domains are administered in a group of up to 20 students. It takes about an hour and a half to two hours to complete the three domains.
- In grades three through twelve, the Listening domain is administered via online audio through the Test Operations Management System (TOMS). Also, for those grades, the “Summarize an Academic Presentation,” in the Speaking domain, is played via online audio through TOMS.

As with the Initial ELPAC, the testing schedule for the Summative ELPAC may be altered to give students sufficient breaks to avoid fatigue, and the test may be administered over the course of several days; however, an entire domain should be administered in a single setting.

Receiving ELPAC Results

The official Initial ELPAC Student Score Reports will be generated through the LST. LEAs will have the ability to print these at the site and district levels. LEAs receive the individual Student Score Reports for the Summative ELPAC approximately eight weeks after the completed tests are sent to the test contractor for scoring. ELPAC results are confidential and individual results are to be shared only with each student's teacher(s) and parents or guardians.

Information about reporting results to parents and guardians is provided on page 27. The reporting of summary results will be available on DataQuest and provided to LEAs within TOMS.

Using Initial and Summative Assessment Results

ELPAC results are not used to measure academic achievement. The Initial ELPAC results are used to identify ELs who need to develop their skills in listening, speaking, reading, and writing in English. This information, used with other local assessments, assists LEAs and schools when making placement decisions for new students who are identified as ELs. The Initial ELPAC results also are used to identify students who are IFEP and are able to participate in the regular (core) academic program.

The Summative ELPAC results are used to see how well ELs are progressing annually toward ELP. This information is used to assist LEAs and schools in the ongoing process of program monitoring and evaluation. The Summative ELPAC results also form one of four criteria used to determine whether ELs are ready to be designated as RFEP on the basis of the reclassification process developed by the LEA, in accordance with state law. Refer to page 22 for more information on reclassification.

Planned Testing and Reporting for 2017–18 and 2018–19

July 1, 2018	2018–19 Initial ELPAC testing window opens.
Fall 2018	2017–18 Initial CELDT and Summative ELPAC summary results for schools, LEAs, and the state are publicly posted on the CDE DataQuest website at https://dq.cde.ca.gov/dataquest/ .
February 1, 2019	2018–19 Summative ELPAC testing window opens.
May 31, 2019	2018–19 Summative ELPAC testing window closes.
June 30, 2019	2018–19 Initial ELPAC testing window closes.
July 1, 2019	2019–20 Initial ELPAC testing window opens.
Fall 2019	2018–19 Initial and Summative ELPAC summary results for schools, LEAs, and the state are publicly posted on the CDE DataQuest website at https://dq.cde.ca.gov/dataquest/ .

Domains and Task Types

Initial ELPAC Domains and Task Types

The ELPAC assesses public school students in K–12 in four domains: Listening, Speaking, Reading, and Writing. The task types assessed in each of the Initial ELPAC domains are listed in the tables below.

For more information on the specific task types for the Initial and Summative ELPAC, visit the CDE ELPAC web page at <https://www.cde.ca.gov/ta/tg/ep/>.

Listening Tasks	K	Grade 1	Grade 2	Grades 3–5	Grades 6–8	Grades 9–12
Listen to a Short Exchange	Yes	Yes	Yes	Yes	Yes	Yes
Listen to a Classroom Conversation	No	No	No	Yes	Yes	Yes
Listen to a Story	Yes	Yes	Yes	Yes	No	No
Listen to an Oral Presentation	Yes	Yes	Yes	Yes	Yes	Yes
Listen to a Speaker Support an Opinion	No	No	No	No	Yes	Yes

Speaking Tasks	K	Grade 1	Grade 2	Grades 3–5	Grades 6–8	Grades 9–12
Talk About a Scene	Yes	Yes	Yes	Yes	Yes	Yes
Speech Functions	No	No	No	Yes	Yes	Yes
Support an Opinion	Yes	No	No	No	No	No
Retell a Narrative	Yes	Yes	Yes	No	No	No
Summarize an Academic Presentation	No	Yes	Yes	Yes	Yes	Yes

Reading Tasks	K	Grade 1	Grade 2	Grades 3–5	Grades 6–8	Grades 9–12
Read-Along Word with Scaffolding	Yes	No	No	No	No	No
Read-Along Story with Scaffolding	Yes	Yes	No	No	No	No
Read-Along Information	No	Yes	No	No	No	No
Read and Choose a Word	No	Yes	Yes	No	No	No
Read and Choose a Sentence	No	No	Yes	Yes	Yes	Yes
Read a Short Informational Passage	No	No	Yes	Yes	Yes	Yes
Read a Literary Passage	No	No	Yes	No	No	No
Read an Informational Passage	No	No	No	Yes	Yes	Yes

Writing Tasks	K	Grade 1	Grade 2	Grades 3–5	Grades 6–8	Grades 9–12
Label a Picture—Word, with Scaffolding	Yes	Yes	No	No	No	No
Write a Story Together with Scaffolding	Yes	Yes	Yes	No	No	No
Describe a Picture	No	No	Yes	Yes	No	No
Write About an Experience	No	No	No	No	Yes	Yes
Justify an Opinion	No	No	No	Yes	Yes	Yes

Summative ELPAC Domains and Task Types

The task types assessed in each of the Summative ELPAC domains are listed below.

Listening Tasks	K	Grade 1	Grade 2	Grades 3–5	Grades 6–8	Grades 9&10	Grades 11&12
Listen to a Short Exchange	Yes	Yes	Yes	Yes	Yes	Yes	Yes
Listen to a Classroom Conversation	No	No	No	Yes	Yes	Yes	Yes
Listen to a Story	Yes	Yes	Yes	Yes	No	No	No
Listen to an Oral Presentation	Yes	Yes	Yes	Yes	Yes	Yes	Yes
Listen to a Speaker Support an Opinion	No	No	No	No	Yes	Yes	Yes

Speaking Tasks	K	Grade 1	Grade 2	Grades 3–5	Grades 6–8	Grades 9&10	Grades 11&12
Talk About a Scene	Yes	Yes	Yes	Yes	Yes	Yes	Yes
Speech Functions	No	No	Yes	Yes	Yes	Yes	Yes
Support an Opinion	Yes	Yes	Yes	Yes	Yes	Yes	Yes
Retell a Narrative	Yes	Yes	Yes	Yes	No	No	No
Present and Discuss Information	No	No	No	No	Yes	Yes	Yes
Summarize an Academic Presentation	Yes	Yes	Yes	Yes	Yes	Yes	Yes

Reading Tasks	K	Grade 1	Grade 2	Grades 3–5	Grades 6–8	Grades 9&10	Grades 11&12
Read-Along Word with Scaffolding	Yes	No	No	No	No	No	No
Read-Along Story with Scaffolding	Yes	No	No	No	No	No	No
Read-Along Information	Yes	No	No	No	No	No	No
Read and Choose a Word	No	Yes	Yes	No	No	No	No
Read and Choose a Sentence	No	No	Yes	Yes	No	No	No
Read a Short Informational Passage	No	Yes	Yes	Yes	Yes	Yes	Yes
Read a Student Essay	No	No	No	Yes	Yes	Yes	Yes
Read a Literary Passage	No	Yes	Yes	Yes	Yes	Yes	Yes
Read an Informational Passage	No	Yes	Yes	Yes	Yes	Yes	Yes

Writing Tasks	K	Grade 1	Grade 2	Grades 3–5	Grades 6–8	Grades 9&10	Grades 11&12
Label a Picture—Word, with Scaffolding	Yes	No	No	No	No	No	No
Write a Story Together with Scaffolding	Yes	Yes	Yes	No	No	No	No
Write an Informational Text Together	No	Yes	Yes	No	No	No	No
Describe a Picture	No	Yes	Yes	Yes	Yes	Yes	Yes
Write About an Experience	No	No	No	Yes	Yes	Yes	Yes
Write About Academic Information	No	No	No	Yes	Yes	Yes	Yes
Justify an Opinion	No	No	No	Yes	Yes	Yes	Yes

Section 2

Program Assistance for County, Local Educational Agency, and School Staff

**Initial Identification of English
Learners**

**Assessing Students with
Disabilities**

Guidelines for Reclassification

Initial Identification of English Learners

Step 1. Determination of Students' Primary Language

In accordance with *EC* Section 60810(d), one of the purposes of the ELPAC is to identify students who are ELs. The term “English learner,” when used with respect to an individual, means an individual:

- (A) who is aged 3 through 21;
- (B) who is enrolled or preparing to enroll in an elementary school or secondary school;
- (C)(i) who was not born in the United States or whose native language is a language other than English;
- (ii)(I) who is a Native American or Alaska Native, or a native resident of the outlying areas; and
- (II) who comes from an environment where a language other than English has had a significant impact on the individual's level of English language proficiency; or
- (iii) who is migratory, whose native language is a language other than English, and who comes from an environment where a language other than English is dominant; and
- (D) whose difficulties in speaking, reading, writing, or understanding the English language may be sufficient to deny the individual:
 - (i) the ability to meet the challenging State academic standards;
 - (ii) the ability to successfully achieve in classrooms where the language of instruction is English; or
 - (iii) the opportunity to participate fully in society. (ESEA Section 8101[20])

For all students in K–12, upon first enrollment in a California public school, the LEA uses a standardized procedure to determine a student's primary language. This procedure begins with a home language survey (HLS), which is completed once by the parent or guardian at the time the student is **initially** enrolled in a California public school. The HLS should not be readministered every year nor readministered if a student enrolls in a new LEA.

If the HLS is completed in error, the parent or guardian may make a request to change it prior to the assessment. However, once a student is identified as an EL on the basis of the results of the Initial ELPAC, and the student has been administered the Summative ELPAC, changing the HLS will not change the student's identification.

A sample HLS is available on the CDE English Learner Forms web page at <https://www.cde.ca.gov/ta/cr/elforms.asp>. The State Board of Education (SBE) approved the following guidelines for interpreting the sample survey:

- If a language other than English is indicated on any of the first three questions, the student should be tested with the Initial ELPAC.
- If a language other than English is indicated on the fourth question, the student may be tested at the LEA's discretion.

American Sign Language

For purposes of ELPAC testing and Title III services, American Sign Language (ASL), in and of itself, is not considered a “language other than English,” according to the US Department of Education (ED). Students who use ASL for communication and have not been exposed to any language other than English should not be considered for ELPAC testing. For a student who uses ASL for communication because of deafness or hearing impairment, and for whom there is another primary language other than English indicated on the student's HLS, the individualized education program (IEP) team should consider (1) ELPAC testing with appropriate universal tools, designated supports, and accommodations; or (2) alternate assessment(s).

Hearing students of deaf parents who use ASL as the primary means to communicate upon entering school and who have been exposed to a language other than English by another adult, such as a grandparent or a caregiver, may be considered for ELPAC testing. The LEA may consider ELPAC testing in addition to other appropriate language assessments to determine whether the child may benefit educationally from English language development (ELD) instruction. The LEA should base its decision to administer the ELPAC on whether the student has been exposed to another language other than English, not on the basis of whether the hearing student of deaf parents uses ASL in the home.

Step 2. Assessment of English Language Proficiency

Kindergarten through Grade Twelve

LEAs will use the LST, found in TOMS, to calculate the official Initial ELPAC score.

The Initial ELPAC has three performance level descriptors. Please refer to page 29 for the full descriptions of the performance levels.

- IFEP
- Intermediate EL
- Novice EL

Students in K–12 are considered to have met the ELPAC criterion for English proficiency when the Overall score is in the IFEP range.

Correction of Classification Errors

In *California Code of Regulations*, Title 5 (5 CCR) Section 11518.20, there are three scenarios in which a correction process may take place. The scenarios are as follows:

1. If a student is classified as English only but the LEA has an indication that the student's primary or native language is not English and the student is unable to perform ordinary classroom work in English, the LEA may collect and review evidence. Based on this review, the LEA shall determine whether the student shall be administered the Initial ELPAC in order to determine the student's classification. At least 10 calendar days prior to administration of the Initial ELPAC, the LEA shall notify the student's parent or guardian, in writing, that the student will be assessed. If the Initial ELPAC is administered and the student does not meet the Initial ELPAC criterion for proficiency, the LEA shall classify the student as EL. The LEA shall notify the student's parent or guardian, in writing, of the results of the review, including the evidence that led to the determination and the results of the Initial ELPAC, within 14 calendar days of its determination.
2. If an LEA administers the Initial ELPAC to a student who is not eligible for the assessment, the student's classification shall remain unchanged regardless of the assessment results, and the LEA shall not maintain any such results as student records, including in the California Longitudinal Pupil Achievement Data System.
3. After the administration of the Initial ELPAC to a student—but before the student takes the Summative ELPAC and at the request of the student's parent or guardian or a certificated employee of the LEA—the LEA shall collect and review evidence about the student's ELP. Based on the results of the review, the LEA shall determine whether the student's classification should remain unchanged or be changed. The LEA shall notify the student's parent or guardian in writing of the results within 14 calendar days of its determination. This review shall occur only once over the course of the student's enrollment in the California public school system.

Evidence regarding the ELP of a student shall include, but is not limited to, the following:

- Results of the HLS
- Results of the assessment of the student's proficiency in English, using an objective assessment instrument, including, but not limited to, the Initial ELPAC
- Parent or guardian opinion and consultation results
- Evidence of the student's performance in the LEA's adopted course of study and the student's ELD, as applicable, obtained from the student's classroom teacher and certificated staff with direct responsibility for teacher or placement decisions

During the time evidence is being collected and reviewed, the student shall retain his or her original classification.

Specific regulatory language regarding the correction of classification errors can be found in the ELPAC regulations, 5 *CCR* Section 11518.20, on the CDE website at <https://www.cde.ca.gov/ta/tg/ep/documents/elpacregs.doc>.

Decision Guide for Placement of English Learners

LEAs administer an HLS to all students enrolled for the first time in a California public school.

- If the survey results indicate English as the primary language, no further testing is required. A regular instructional program is implemented.
 - If the student struggles to perform in the classroom later in the student's educational career, a correction process can be initiated as laid out on page 16.
- If the survey results indicate a primary language other than English, an Initial ELPAC administration is required.
 - If a parent/guardian or a certificated employee of the LEA disagrees with the results of the Initial ELPAC, a review of the classification can be pursued (if applicable).

The Initial ELPAC is administered for the purpose of classifying students, resulting in one of two general classifications: IFEP or EL.

- In the event of IFEP classification, the student is considered to have met the ELPAC criterion for English proficiency, and no further testing is required. A regular instructional program is implemented.
 - If the student struggles to perform in the classroom later in the student's educational career or if the LEA receives a contradictory score as part of the Rotating Score Validation Process and determines that the student should be classified as an EL, the LEA can use this as part of evidence for a correction process to be initiated.
- In the event of EL classification, an appropriate EL program is implemented. The student's progress is assessed annually with the Summative ELPAC.
 - A correction of classification can occur if the student was timid during the Initial ELPAC administration and is classified as an EL, but further evidence is collected that demonstrates the student's ability to listen, speak, read, and write in English in the classroom. This correction of classification process must be completed before the administration of the Summative ELPAC.
- If the Initial ELPAC is administered to the incorrect student, a correction process is initiated, and no record of scores shall be maintained.

The Summative ELPAC is administered to ELs annually until reclassification criteria are met and the student is classified as RFEP.

- In the event of RFEP classification, a regular instructional program is implemented, and the student's progress is monitored for four years following reclassification.

Assessing Students with Disabilities

Federal Guidance for Learners with Disabilities

In accordance with the ED guidance issued in July 2014, the ED requires that all ELs with disabilities participate in the state's ELP assessment. Federal law requires that all ELs with disabilities participate in the state ELP assessment in the following ways, as determined by the IEP team:

- In the regular state ELP assessment without universal tools, designated supports, and accommodations
- In the regular state ELP assessment with universal tools, designated supports, and accommodations determined by the IEP team or Section 504 team
- In an alternate assessment aligned with the state's ELD standards, if the IEP team determines that the student is unable to participate in the regular ELP assessment with or without universal tools, designated supports, and accommodations

Role of the IEP Team

The IEP team is an essential component in establishing the appropriate academic and functional goals, determining the specifically designed instructional program to meet the unique needs of all ELs with disabilities, and making decisions about how students can participate in the state ELP assessment.

In accordance with the new ED guidance, the IEP team is responsible for:

- Making decisions about the content of a student's IEP, including whether a student must take a regular state assessment (in this case, the ELP assessment), with or without appropriate universal tools, designated supports and/or accommodations, or an alternate assessment in lieu of the regular ELP assessment (ED, July 2014, FAQ #4).
- Developing an IEP for each student with a disability, including each EL with a disability, at an IEP team meeting, which includes school officials and the child's parents/guardians. The Individuals with Disabilities Education Act (IDEA) regulation in *Code of Federal Regulations*, Title 34, (34 *CFR*) Section 300.321(a) specifies the participants to be included on each child's IEP team. It is essential that IEP teams for ELs with disabilities include persons with expertise in English language acquisition and other professionals, such as speech-language pathologists, who understand how to differentiate between English proficiency development and a disability (ED, July 2014, FAQ #5).
- Ensuring that ELs' parents or guardians understand and are able to meaningfully participate in IEP team meetings at which the child's participation in the annual state ELP assessment is discussed. If a parent whose primary language is other than English is participating in IEP meetings, the IDEA regulations require each public agency to take whatever action necessary to ensure that the parent understands the proceedings of the IEP team meeting, including arranging

for an interpreter (34 *CFR* Section 300.322[e]). When parents themselves are ELs, Title VI of the Civil Rights Act of 1964 also requires that the LEA effectively communicate with parents in a manner and form they can understand, such as by providing free interpretation and/or translation services (ED, July 2014, FAQ #6).

- Ensuring that all ELs, including those with disabilities, participate in the annual state ELP assessment, with or without universal tools, designated supports, and accommodations or take an appropriate, locally determined alternate assessment, if necessary (ESSA Section 1119[b][7] and IDEA Section 612[a][16][A]). An IEP team cannot determine that a particular EL with a disability should not participate in the annual state ELP assessment (ED, July 2014, FAQ #7). However, IEP teams can make the determination, on a student-by-student basis, that an alternate assessment to the ELP be administered.

According to 5 *CCR* sections 11511 and 11516 through 11516.7 (Division 1, Chapter 11, Subchapter 7.5) as well as *EC* Section 313, the initial and summative administration of the ELPAC are the responsibilities of the LEA. Most students with disabilities are able to participate effectively on the ELPAC. For students whose disabilities preclude them from participating in one or more domains of the ELPAC, their IEP teams may recommend accommodations or an alternate assessment (see *EC* Section 56385, 5 *CCR* 11516.5 through 11516.7). Approved universal tools, designated supports, and accommodations are listed in *Matrix Four: Universal Tools, Designated Supports, and Accommodations for the ELPAC*, which is found on the CDE website at <https://www.cde.ca.gov/ta/tg/ep/documents/elpacmatrix4.docx>.

In accordance with 34 *CFR* sections 300.304 through 300.305, initial identification for determining whether a student is a student with a disability takes into consideration existing data, which includes LEA and statewide assessments. For those who participate in programs for students with disabilities, the LEA may be a school district, an independent charter school, the county office of education, or a state special school.

When an EL with disabilities is not able to take the ELPAC (the entire test or any portion of it), that information is shared at the IEP team meeting. IEP team members may determine that alternate assessments are appropriate and necessary. Per the ED, the alternate assessment must be aligned with the ELD Standards. The results of alternate assessments and/or the ELPAC are part of the current levels of performance in the IEP. The scores or performance levels are a part of the information considered by the team to develop linguistically appropriate goals (*EC* sections 56341.1[b] and 56345[b][2]).

Because such alternate means of assessments fundamentally alter what the ELPAC measures, students receive the lowest obtainable scale score (LOSS) on each domain affected. Caution should be used when interpreting results because the LOSS on one or more domains may lower the Overall performance level on the ELPAC. The LOSS on the ELPAC will be used to calculate the ELPI for Title I accountability purposes. If the student is not reclassified, the LOSS will be entered as the “Most Recent Previous Scale Score(s)” at the next year’s administration of the ELPAC.

Because of the unique nature of individual students' disabilities, the CDE does not make specific recommendations as to which alternate assessment instruments to use. However, the appropriate alternate assessment must be identified annually in a student's IEP. The LEA must ensure that the IEP team includes an individual who can interpret the instructional implications of evaluation results (e.g., an ELD specialist to interpret ELPAC results) (34 *CFR* Section 300.321[a][5]). Identified ELs with disabilities must take the ELPAC with any accommodations specified in their IEP or take appropriate alternate assessments, as documented in their IEP, every year until they are reclassified.

When a student's IEP or Section 504 plan specifies that the student has a disability for which there are no appropriate accommodations for assessment in one or more of the Speaking, Listening, Reading, and Writing domains, the student shall be assessed in the remaining domains in which it is possible to assess the student, per 34 *CFR* Section 200.6. A student may be assigned an overall score only if assessed in both oral and written language. To be considered as having been assessed in oral language, the student must have been assessed in either Speaking or Listening. To be considered as having been assessed in written language, the student must have been assessed in either Reading or Writing.

Selective Mutism

Although the CDE does not make specific recommendations about accommodations or alternate assessments, an increased number of inquiries have been received regarding students identified as selectively mute. Therefore, additional information is being provided below for local consideration.

Selective mutism (SM) is an anxiety disorder that is classified under "mental disorders" in the fifth edition of the *Diagnostic and Statistical Manual of Mental Disorders*, (*DSM-5*). Because of its classification, SM meets the eligibility criteria for necessary accommodations through a Section 504 plan.

A student with SM consistently fails to speak in certain situations (e.g., at school); however, the student speaks at other times (e.g., at home or with friends). SM may cause significant interference with educational or communicative functioning. Studies have demonstrated that immigrant and language-minority students are at a higher risk of developing SM than native-born students. This diagnosis excludes students who may be uncomfortable with a new language and may select not to speak in specific environments. A nonverbal period (silent period) of time is to be expected in students acquiring a new language and should, therefore, not be mistaken as SM.

Additional information regarding SM can be found on the National Center for Biotechnology Information website at <http://www.ncbi.nlm.nih.gov/pmc/articles/PMC3538870/> and on the American Speech-Language-Hearing Association website at <http://www.asha.org/public/speech/disorders/selectivemutism/>.

Guidelines for Reclassification

On April 28, 2017, the CDE provided guidance regarding reclassification options during the transition from the California English Language Development Test (CELDT) to the ELPAC.

Once the Summative ELPAC became operational on February 1, 2018, the CDE provided interim reclassification guidance, utilizing the SBE-approved (November 2017) preliminary threshold scores for the Summative ELPAC. Information can be found on the CDE website at <https://www.cde.ca.gov/be/ag/ag/yr17/documents/nov17item08addendum.doc>.

Reclassification Criteria

As a reminder, since the 2015–16 school year, the reclassification criteria, pursuant to *EC* Section 313(f), has remained unchanged.

At this time, LEAs are to continue using the following four criteria to establish local reclassification policies and procedures:

1. Assessment of ELP (using an objective assessment instrument, including, but not limited to, the state test of ELD)
2. Teacher evaluation (including, but not limited to, a review of the student's curriculum mastery)
3. Parent opinion and consultation
4. Comparison of student performance in basic skills (compared against an empirically established range of performance in basic skills based on the performance of English proficient students of the same age)

In spring 2015, LEAs administered the first operational Smarter Balanced Summative Assessments. On September 16, 2015, the CDE provided guidance to LEAs for using those results, if they chose, as a local measure of criterion 4. The guidance is available on the CDE Reclassification web page at <https://www.cde.ca.gov/sp/el/rd/>. LEAs also were advised that they could identify local assessments to be used to identify ELs who were meeting academic measures that indicated they were ready to be reclassified. This guidance regarding criterion 4 remains unchanged. The CDE provided further reclassification guidance on January 2, 2018, as to an LEA deciding to use Summative ELPAC results for reclassification. This guidance can be found on the CDE web page at <https://www.cde.ca.gov/sp/el/rd/interimreclass.asp>.

Criterion 1: Assessment of ELP

Use the Summative ELPAC as the primary assessment of ELP. In addition to the existing reclassification criteria, LEAs may elect to use Summative ELPAC results to determine whether a student has met the ELP assessment criterion. Because the threshold scores at this time are preliminary, LEAs may locally determine their own ELPAC threshold scores to use in combination with the general performance level descriptors for reclassification purposes until January 2019, when the CDE plans to bring new reclassification guidance for the 2018–19 school year to the SBE for approval. Information can be found on the CDE web page at <https://www.cde.ca.gov/ta/tg/ep/elpacgpld.asp>.

- Use the most recently available test data.

Criterion 2: Teacher Evaluation

- Use the student's academic performance.
- Note that incurred deficits in motivation and academic success unrelated to ELP do not preclude a student from reclassification.

Criterion 3: Parent Opinion and Consultation

- Provide notice to parents or guardians of their rights and encourage them to participate in the reclassification process.
- Provide an opportunity for a face-to-face meeting with parents or guardians.

Criterion 4: Comparison of Performance in Basic Skills*Definitions:*

- "Performance in basic skills" means the score and/or performance level resulting from a recent administration of an objective assessment of basic skills in English (e.g., Smarter Balanced assessments, district benchmarks).
- "Range of performance in basic skills" means a range of scores on the assessment of basic skills in English that corresponds to a performance level or a range within a performance level.
- "Students of the same age" refers to students who are enrolled in the same grade as the student who is being considered for reclassification.

Basic skills criteria:

- LEAs may identify local or state assessments they will use to determine whether ELs are meeting academic measures that indicate they are ready for reclassification. (See "Academic Criterion for Reclassification" letter of September 2015, located on the CDE Reclassification web page at <https://www.cde.ca.gov/sp/el/rd/reclass1718.asp>.)

- For 2018–19, LEAs may identify cut scores, or a range of scores, on the selected assessment instrument to determine the skill levels.
- Also for 2018–19, LEAs may identify a cut point on the selected assessment instrument, which is comparable to the midpoint of the Basic level of the English language arts assessment, to determine skill levels.
- Students with scores above the cut point selected by LEAs should be considered for reclassification.
- For students scoring below the cut point, LEAs should attempt to determine whether factors other than ELP are responsible for low performance on the test of basic skills and whether it is reasonable to reclassify the student.
- LEAs must monitor student performance for four years after reclassification, in accordance with existing California regulations and Title III of the ESEA.

EC Section 313(f)(4) calls for a comparison of student performance in basic skills against an empirically established range of performance in basic skills based on the performance of English proficient students of the same age.

As a reminder, California regulations (5 CCR, sections 11303 Reclassification and 11308 [c][6] Advisory Committee) specify that any local reclassification criteria must be reviewed by the school district committee on programs and services for ELs.

If you have questions regarding the reclassification policy, please contact the CDE Language Policy and Leadership Office by phone at 916-319-0845. For more information on reclassification, see the CDE Reclassification web page at <https://www.cde.ca.gov/sp/el/rd/>.

Reclassification of ELs with Disabilities

Students with disabilities, including severe cognitive disabilities, are to be provided the same opportunities to be reclassified as students without disabilities. Local IEP teams, therefore, may determine appropriate measures of ELP and performance in basic skills and minimum levels of proficiency on these measures that would be equivalent to an English proficient peer with similar disabilities, in accordance with local reclassification policies based on the state definition of ELP (*EC* Section 313[f]).

In accordance with federal and state laws, the IEP team may address the individual needs of each EL with a disability, using multiple criteria in concert with the four reclassification criteria in *EC* Section 313(f). These four criteria are the minimum required components that LEAs must include in their local reclassification policy. Other criteria may be used to supplement the four required criteria to ensure that the most appropriate decision is made for each student. Additional information about assessing students with disabilities is available on page 19.

The following are suggestions for applying the four criteria in *EC* Section 313(f) to local reclassification policies regarding English learners with disabilities:

Criterion 1: Assessment of ELP Using an Objective Assessment Instrument

Assessment of ELP using an objective assessment, including but not limited to the ELPAC, is one of four criteria in state law per *EC* Section 313(f) to be used by LEAs in determining whether an EL should be reclassified as RFEP. The IEP team can use the scores from an alternate assessment aligned with the state 2012 ELD Standards for reclassification purposes (see “Assessing Students with Disabilities” on page 19). An alternate assessment may be used to measure the student’s ELP on any or all four domains in which the student cannot be assessed using the ELPAC.

For purposes of Title I accountability requirements, a student assessed with an alternate assessment, or the ELPAC with unapproved unlisted resources, will receive the LOSS on the ELPAC for each domain tested with an alternate assessment or the ELPAC with unapproved unlisted resources. The IEP team, however, may use results from the alternate assessment or ELPAC administration with unlisted accommodations in conjunction with the other required criteria (i.e., teacher evaluation, parental opinion and consultation, and student’s scores on an assessment of basic skills) to determine a student’s eligibility for reclassification. Although the alternate assessment tests the student’s ELP in accordance with the student’s IEP, the alternate assessment results are not comparable to ELPAC results, in general, and are not for the purposes of Title I accountability, in particular. They can be used, however, for reclassification consideration, as outlined in this section.

Criterion 2: Teacher Evaluation

- Use the student’s classroom performance information that is based on the student’s IEP goals for academic performance and ELD.

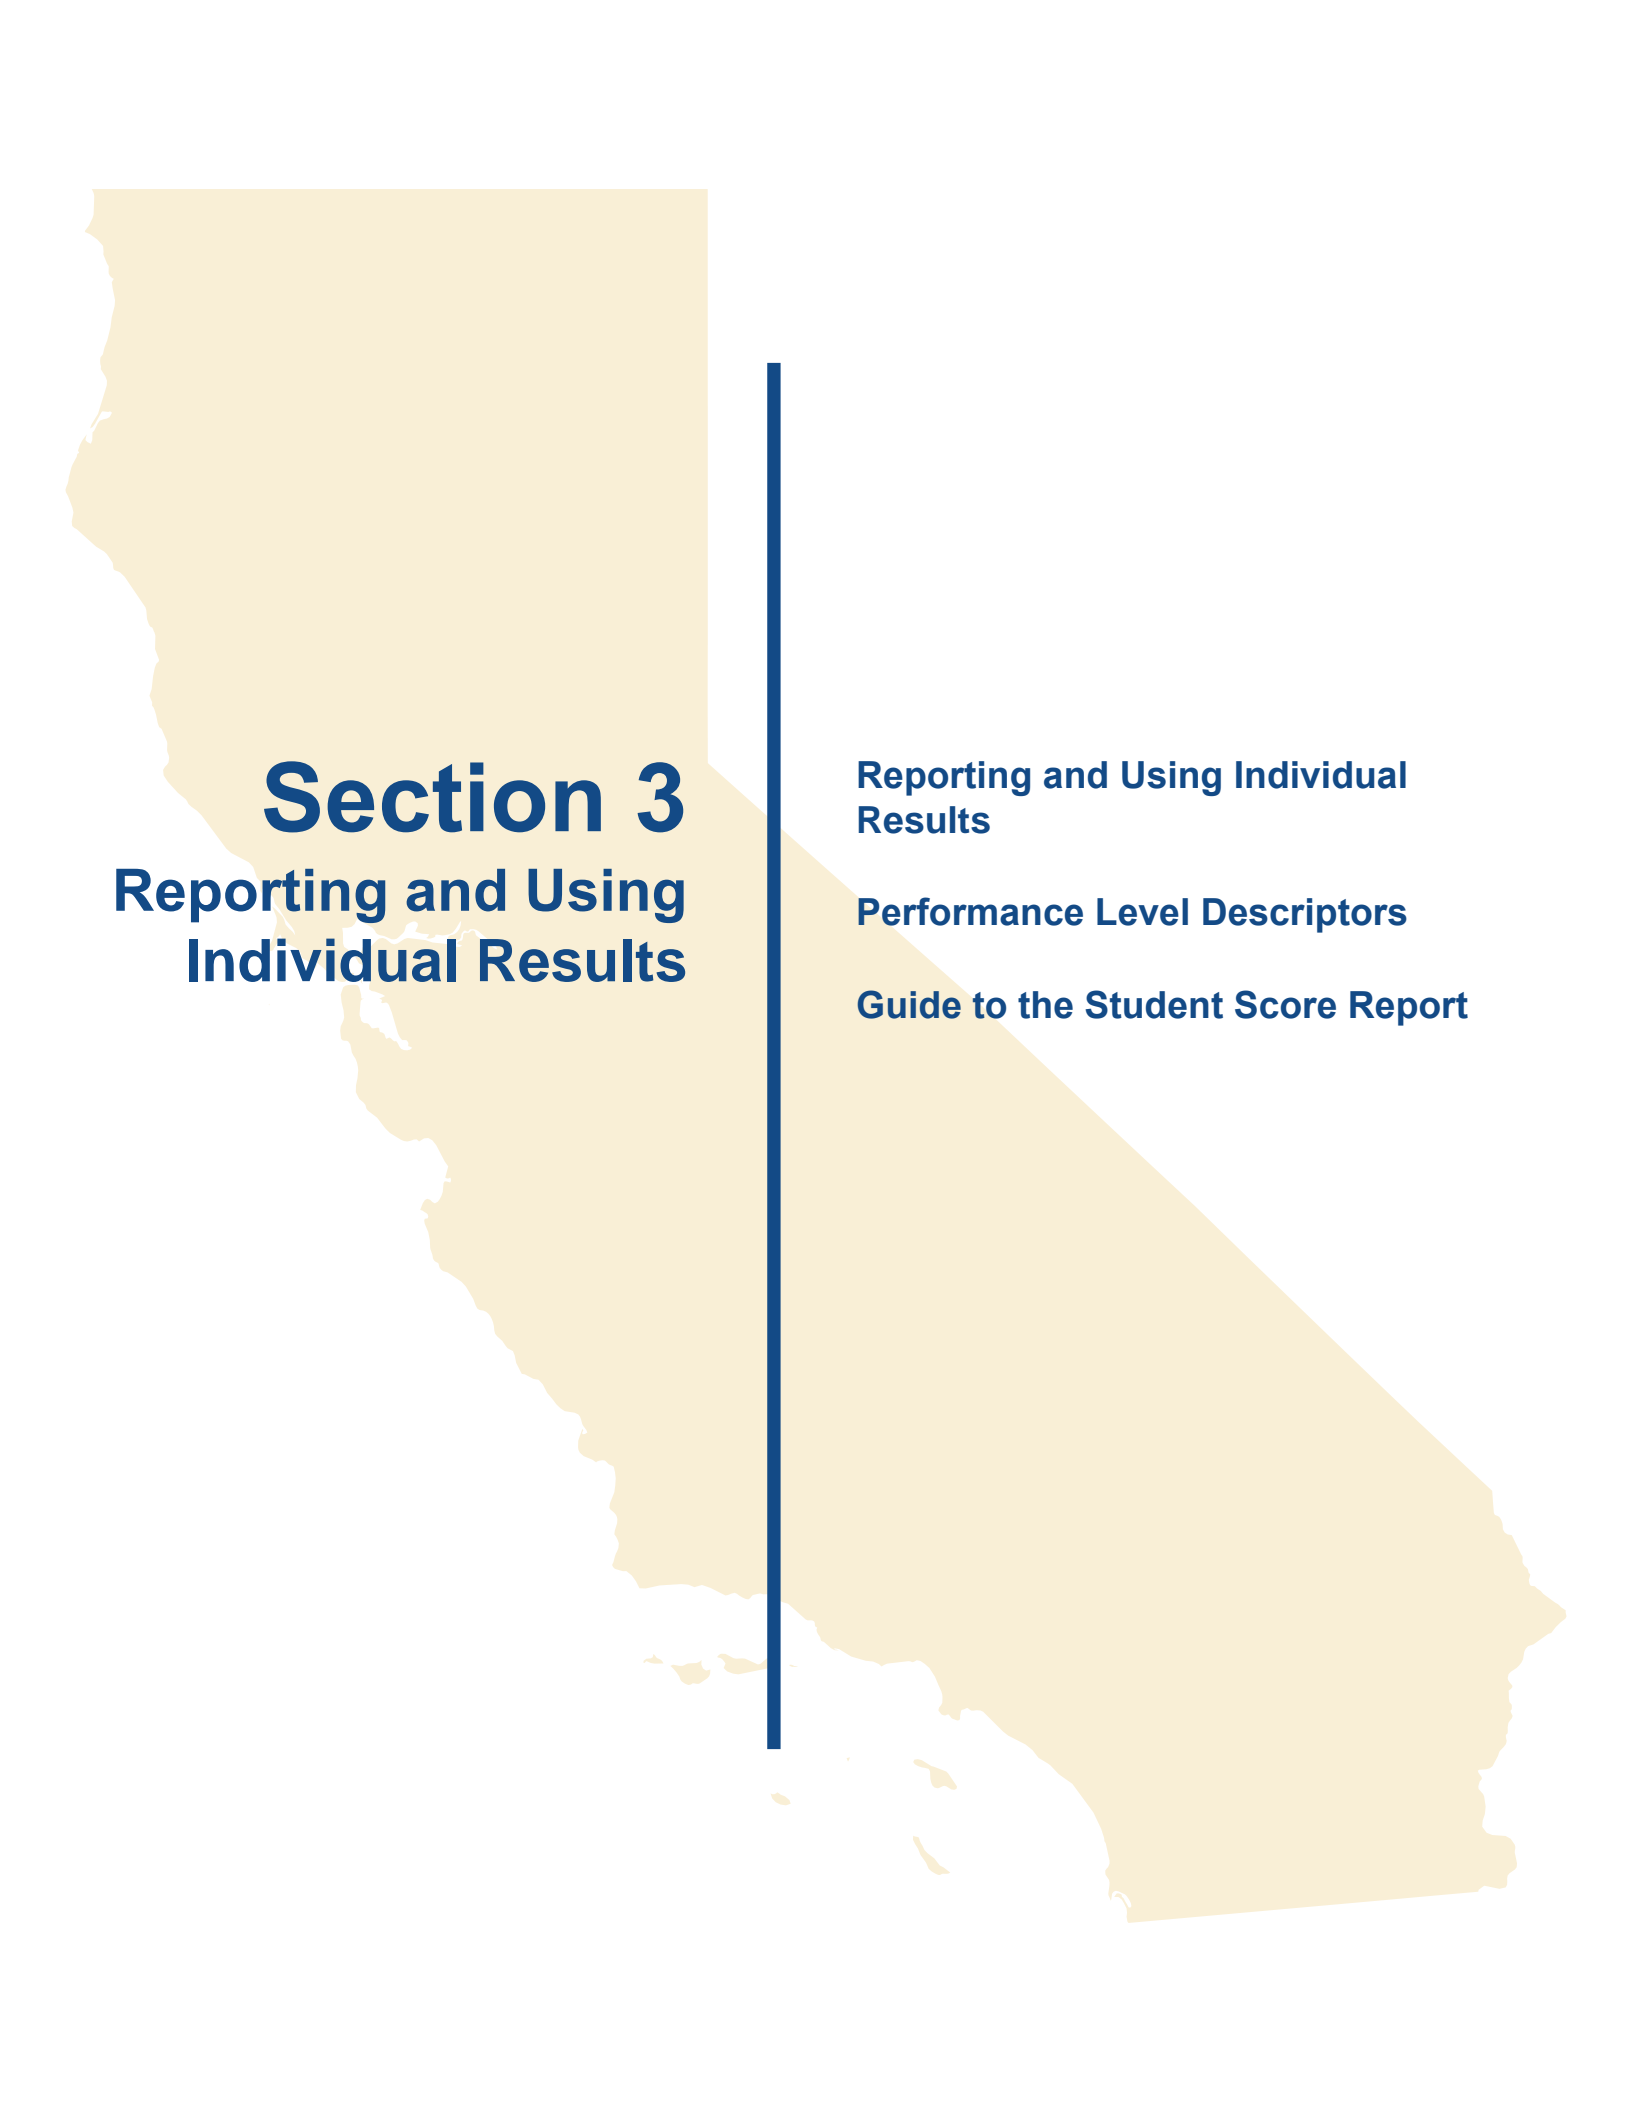

Criterion 3: Parent Opinion and Consultation

- The parent or guardian is a participant on the IEP team.

Criterion 4: Comparison of Performance in Basic Skills

The IEP team should specify in the student’s IEP an assessment of basic skills to meet the guidelines for reclassification (e.g., the California Alternate Assessment for English language arts). The IEP team may consider using other assessments that are valid and reliable and designed to compare the basic skills of ELs with disabilities to native speakers of English with similar disabilities to determine whether the EL with disabilities has sufficiently mastered the basic skills for reclassification consideration.

The CDE cannot make specific recommendations of alternate assessment instruments because it is the responsibility of the IEP team to gather pertinent information regarding the student and assessment needs specific to that student. The IEP team may use this comprehensive approach to make decisions regarding program supports and reclassification that will allow the student to make maximum progress, given the student’s capacities.

Section 3

Reporting and Using Individual Results

Reporting and Using Individual Results

Performance Level Descriptors

Guide to the Student Score Report

Reporting and Using Individual Results

State regulations require LEAs to provide individual Summative ELPAC results to parents or guardians within 30 calendar days after they are received by the LEA. Only authorized LEA personnel, the student, and parents or guardians may see the ELPAC results of individual students. Per *EC* Section 11518.15, if the Summative ELPAC results are received from the test contractor after the last day of instruction for the school year, the LEA shall notify each student's parent or guardian of the student's results within 15 working days of the start of the next school year.

Section 6312 of Title I of the ESSA requires LEAs receiving Title III funds to inform parents or guardians of (1) the reasons for the student's identification as an EL based on the ELPAC results; and (2) the need for placement in an English language instructional support program. This notification is to occur no later than 30 calendar days after the beginning of the school year or within two weeks of the student's placement in the specified program after the beginning of the school year. Parents or guardians of ELs with an IEP also must be notified as to how the recommended placement will help their child meet the objectives of the IEP.

Sample parent/guardian notification letters are provided on the CDE ELs web page at <https://www.cde.ca.gov/sp/el/t3/lepparent.asp> and are currently available in English as well as Spanish. An informational brochure for parents/guardians on how to read the ELPAC Student Score Report, translated into multiple languages, is on the same web page and can be printed and distributed.

Student Score Reports

Initial ELPAC Student Score Reports

The official score for the Initial ELPAC is produced once the LEA has entered and locked the student's raw scores in the LST. Individual student Initial ELPAC results include an overall scale score, which will indicate which of the three performance levels the student achieved: IFEP, Intermediate EL, and Novice EL.

There will be two composite performance levels produced: Oral Language (Speaking and Listening) and Written Language (Reading and Writing). The three performance levels are well developed, somewhat to moderately developed, and minimally developed.

The 2018–19 Initial ELPAC report includes the following information:

- An Overall performance level and scale score
- A performance level for each composite tested (Oral and Written Language)

The scale score ranges for identifying a student's performance level for the Overall performance level, with the weighting percentages used to calculate the ranges, are available in the "Resources" section on pages 39–45. Overall Initial ELPAC test performance descriptors for K–12 can be found on page 29.

Summative ELPAC Student Score Reports

The official score for the Summative ELPAC is produced by the test contractor. Individual student Summative ELPAC results include an overall scale score and two composite scale scores which will indicate which of the four performance levels the student achieved. The four performance levels are: well developed (4), moderately developed (3), somewhat developed (2), and minimally developed (1).

Domain level performance will be reported as beginning, intermediate, and well developed on the ELPAC Student Score Reports.

The 2018–19 Initial ELPAC report includes the following information:

- An Overall performance level and scale score
- A performance level and scale score for each composite tested (Oral and Written Language)
- A performance level for each domain tested (Listening, Speaking, Reading, and Writing)

Scale score ranges for each of the four performance levels are identified for Overall, Oral Language, and Written Language for all grades tested. These ranges incorporate the performance level cut scores approved by the SBE.

The scale score ranges for identifying a student's performance level for the Overall performance level, with the weighting percentages used to calculate the ranges, are available in the "Resources" section on pages 46 and 47. Overall Summative ELPAC test performance descriptors for K–12 can be found on page 30.

Understanding Results

The resource "Understanding Your Student Score Report" is provided in English and other languages to assist LEAs with communicating Summative ELPAC results to parents and guardians. It is available on the ELPAC website at <https://www.elpac.org/test-administration/reporting/>. The guide includes a sample Student Score Report, information about how to interpret the report, and domain-specific and Overall test performance descriptors.

Performance Level Descriptors

Initial ELPAC Performance Level Descriptors

Level	Description
Initial Fluent English Proficient (IFEP)	Students at this level have well developed oral (listening and speaking) and written (reading and writing) skills. They can use English to learn and communicate in meaningful ways that are appropriate to different tasks, purposes, and audiences in a variety of social and academic contexts. They may need occasional linguistic support to engage in familiar social and academic contexts; they may need light support to communicate on less familiar tasks and topics. This test performance level corresponds to the upper range of the “Bridging” proficiency level as described in the 2012 California English Language Development Standards, Kindergarten Through Grade 12 (2012 ELD Standards).
Intermediate English Learner	Students at this level have somewhat developed to moderately developed oral (listening and speaking) and written (reading and writing) skills. This level captures a broad range of English learners, from those who can use English only to meet immediate communication needs to those who can, at times, use English to learn and communicate in meaningful ways in a range of topics and content areas. They may need some degree of linguistic support to engage in familiar social and academic contexts (depending on the student, the level of support needed may be moderate, light, or minimal); they may need substantial-to-moderate support to communicate on less familiar tasks and topics. This test performance level corresponds to the entire “Expanding” proficiency level and to the lower range of the “Bridging” proficiency level as described in the 2012 ELD Standards.
Novice English Learner	Students at this level have minimally developed oral (listening and speaking) and written (reading and writing) English skills. They tend to rely on learned words and phrases to communicate meaning at a basic level. They need substantial-to-moderate linguistic support to communicate in familiar social and academic contexts; they need substantial linguistic support to communicate on less familiar tasks and topics. This test performance level corresponds to the “Emerging” proficiency level as described in the 2012 ELD Standards.

Summative ELPAC Performance Level Descriptors

Level	Description
4	<p>English learners at this level have well developed oral (listening and speaking) and written (reading and writing) skills. They can use English to learn and communicate in meaningful ways that are appropriate to different tasks, purposes, and audiences in a variety of social and academic contexts. They may need occasional linguistic support to engage in familiar social and academic contexts; they may need light support to communicate on less familiar tasks and topics. This test performance level corresponds to the upper range of the “Bridging” proficiency level as described in the 2012 California English Language Development Standards, Kindergarten Through Grade 12 (CA ELD Standards).</p>
3	<p>English learners at this level have moderately developed oral (listening and speaking) and written (reading and writing) skills. They can sometimes use English to learn and communicate in meaningful ways in a range of topics and content areas. They need light-to-minimal linguistic support to engage in familiar social and academic contexts; they need moderate support to communicate on less familiar tasks and topics. This test performance level corresponds to the upper range of the “Expanding” proficiency level through the lower range of the “Bridging” proficiency level as described in the CA ELD Standards.</p>
2	<p>English learners at this level have somewhat developed oral (listening and speaking) and written (reading and writing) skills. They can use English to meet immediate communication needs but often are not able to use English to learn and communicate on topics and content areas. They need moderate-to-light linguistic support to engage in familiar social and academic contexts; they need substantial-to-moderate support to communicate on less familiar tasks and topics. This test performance level corresponds to the low- to mid-range of the “Expanding” proficiency level as described in the CA ELD Standards.</p>
1	<p>English learners at this level have minimally developed oral (listening and speaking) and written (reading and writing) English skills. They tend to rely on learned words and phrases to communicate meaning at a basic level. They need substantial-to-moderate linguistic support to communicate in familiar social and academic contexts; they need substantial linguistic support to communicate on less familiar tasks and topics. This test performance level corresponds to the “Emerging” proficiency level as described in the CA ELD Standards.</p>

Antioch Unified

Initial English Language Proficiency Assessments for California (ELPAC) Student Score Report

STUDENT #: 1234567890

FOR THE PARENT/GUARDIAN OF: [REDACTED]

DATE OF BIRTH: [REDACTED]

TEST DATE: July 02, 2018

SCHOOL: Orchard Park

LEA: Antioch Unified

CDS: 07616480113761

What is the Initial ELPAC?

The Initial ELPAC is used to identify a student as either an English learner who needs support to learn English or as proficient in English.

Why do we administer the ELPAC?

Identifying students who need help learning English is important so students get the support they need to do well in school while receiving instruction in all school subjects. Every year, students who are English learners will take the Summative ELPAC to measure their progress in learning English, until they are reclassified as proficient in English.

Overall Performance Level:

Novice English Learner

Overall Score: 273

Oral Language *

(Listening and Speaking Skills)

Minimally developed

Written Language

(Reading and Writing Skills)

Minimally developed

Note: The overall score is based on a combination of oral language (90%) and written language (10%).

Initial Levels	Initial Descriptors
Initial Fluent English Proficient (FEP) 450-600	Students at this level have well developed oral and written English skills. They can use English to learn and communicate in meaningful ways. They may occasionally need help using English.
Intermediate English Learner 370-449	Students at this level have somewhat to moderately developed oral and written English skills. They may sometimes be able to use English to learn and communicate in meaningful ways. They may need some help to communicate about familiar topics in English and more help on less familiar topics.
Novice English Learner 150-369	Students at this level have minimally developed oral and written English skills. They may be able to use known words and phrases to communicate meaning at a basic level. They may need substantial help using English.

Your child is here. →

* An alternate assessment was used during the administration.
For more information about this assessment, visit the ELPAC Web page at <https://www.cde.ca.gov/ta/tap/elpac/>. Contact your child's school for more information about these ELPAC results.

Understanding Your Student Score Report

2018–19 Initial ELPAC

This guide explains your child's Initial ELPAC Student Score Report. Please speak to your child's teacher if you have questions.

What is on the score report?

1. Your child's name and test information

Your child's name, grade, and the testing year are shown.

2. Information about the ELPAC

A short description of the Initial ELPAC and why students take the assessment is provided.

3. Overall score and performance level

Your child's overall score and performance level are shown. This test has three performance levels.

4. Oral language level and written language level

Your child's overall score is a combination of the oral language level (listening and speaking) and the written language level (reading and writing).

5. Initial ELPAC score levels and descriptors

This table shows the three performance levels and their score ranges, followed by a short description of the English skills that children at the performance levels typically have.

6. Notices for some students

Some students take an alternate test in place of the ELPAC. In other cases, a testing irregularity may happen during an ELPAC administration. If either of these situations applies to your child, a notice will appear in this area of the Student Score Report.

For additional information, visit the California Department of Education ELPAC web page at <https://www.cde.ca.gov/ta/tg/ep/>.

California Unified

STUDENT #: 9999999999

LEA: California Unified
CDS: 9999999999999999

What is the Initial ELPAC?
The Initial ELPAC is used to identify a student as either an English learner who needs support to learn English or as proficient in English.

Why do we administer the Initial ELPAC?
Identifying students who need help learning English is important so students get the support they need to do well in school while receiving instruction in all school subjects. Every year, students who are English learners will take the Summative ELPAC to measure their progress in learning English, until they are reclassified as proficient in English.

Overall Performance Level:
Intermediate English Learner
Overall Score: 425

Oral Language (Speaking and Listening Skills): **Well developed**
Written Language (Reading and Writing Skills): **Somewhat to moderately developed**

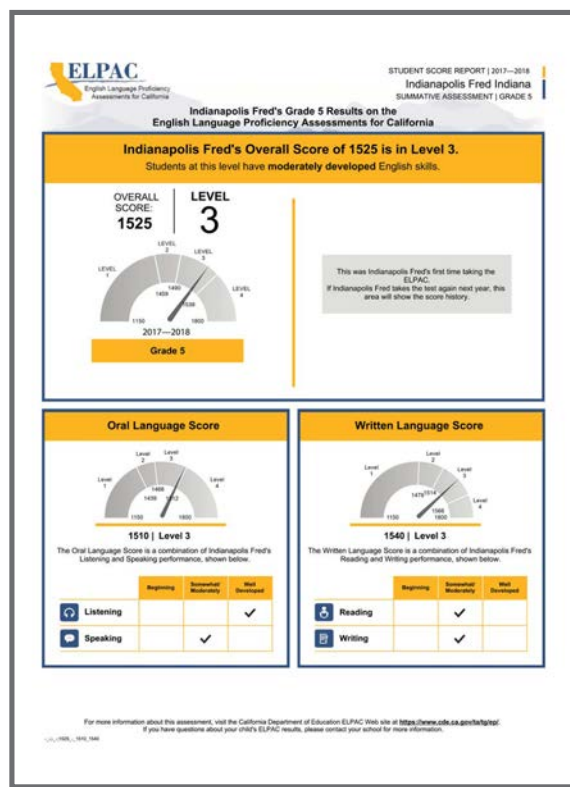

Note: The overall score is based on a combination of oral language (50%) and written language (50%).

Performance Level	Score Range	Description
Initial Fluent English Proficient (IFEP)	550-600	Students at this level have well developed oral and written English skills. They can use English to learn and communicate in meaningful ways. They may occasionally need help using English.
Intermediate English Learner	375-449	Students at this level have somewhat to moderately developed oral and written English skills. They may sometimes be able to use English to learn and communicate in meaningful ways. They may need some help to communicate about familiar topics in English and more help on less familiar topics.
Novice English Learner	150-369	Students at this level have minimally developed oral and written English skills. They may be able to use known words and phrases to communicate meaning at a basic level. They may need substantial help using English.

*A testing irregularity occurred during the administration.
*An alternate assessment was used during the administration.

For more information about this assessment, visit the ELPAC web page in <https://www.cde.ca.gov/ta/tg/ep/>. Contact your child's school for more information about these ELPAC results.

First-Year Summative ELPAC Student Score Report (Front)

First-Year Summative ELPAC Student Score Report (Back)

A Parent's Guide to Indianapolis Fred's English Language Proficiency Assessments for California (ELPAC) Score Report
CALIFORNIA DEPARTMENT OF EDUCATION (CDE)

STUDENT #: 999999994 DATE OF BIRTH: 10/05/2007
GRADE: 5 TEST DATE: January 02, 2018

FOR THE PARENT/GUARDIAN OF:
INDIANAPOLIS FRED INDIANA
1234 MAIN STREET UNIT 1234
YOUR CITY, CA 12345

SCHOOL: California Elementary School
LEA: California Unified
CDS: 9999919999999

Dear Parent/Guardian of Indianapolis Fred Indiana,
This report shows Indianapolis Fred's results on the English Language Proficiency Assessments for California (ELPAC), the newly developed state test of English language proficiency. The ELPAC provides information about your child's current progress toward English language proficiency. Because the ELPAC measures your child's English language development, your child's ELPAC results should not be compared to your child's results from the California English Language Development Test (CELDT).
Below is information to help you understand the ELPAC, as well as ideas to support your child's continued English language development.

Sincerely,
Tom Torlakson
Tom Torlakson
State Superintendent of Public Instruction

What is the ELPAC?

The ELPAC Summative Assessment measures student progress toward meeting the California English Language Development Standards (ELD Standards), which describe the English language skills that students need to succeed in school.

The ELPAC Summative Assessment:

- Is given each spring to students who have been identified as English learners
- Includes questions about Listening, Speaking, Reading, and Writing

Your child's ELPAC results:

- Are one measure of English proficiency that should be viewed with other available information, such as classroom tests, assignments, and grades
- Can be used to help talk to your child's teacher about your child's progress in English language development
- Can be used to determine if a student is ready to be reclassified as Fluent English proficient (RF/EP)

ELPAC Levels	What Students Can Typically Do at Each Level
LEVEL 4	Students at this level have well-developed English skills. <ul style="list-style-type: none"> They can usually use English to learn new things in school and to interact in social situations. They may occasionally need help using English.
LEVEL 3	Students at this level have moderately developed English skills. <ul style="list-style-type: none"> They can sometimes use English to learn new things in school and to interact in social situations. They may need help using English to communicate in less familiar school topics and in less familiar social situations.
LEVEL 2	Students at this level have somewhat developed English skills. <ul style="list-style-type: none"> They usually need help using English to learn new things at school and to interact in social situations. They can often use English for simple communication.
LEVEL 1	Students at this level are at a beginning stage of developing English skills. <ul style="list-style-type: none"> They usually need substantial help using English to learn new things at school and to interact in social situations. They may know some English words and phrases.

The four ELPAC levels shown above describe what students at each level on the ELPAC can typically do in English. The table below shows how these four ELPAC levels relate to the three proficiency levels described in the ELD Standards.

ELPAC Levels	Level 1	Level 2	Level 3	Level 4
ELD Standards Proficiency Levels	Emerging — requires substantial linguistic support	Expanding — requires moderate linguistic support	Bridging — requires light linguistic support	

How can I help my child?

- Read to your child, or have your child read to you, on a regular basis.
- Use pictures and ask your child to tell you what he or she sees in the picture or what is happening in the picture.
- Provide your child with opportunities to use language outside of school.
- Talk to your child's teacher about your child's Listening, Speaking, Reading, and Writing skills to help support your child's progress.

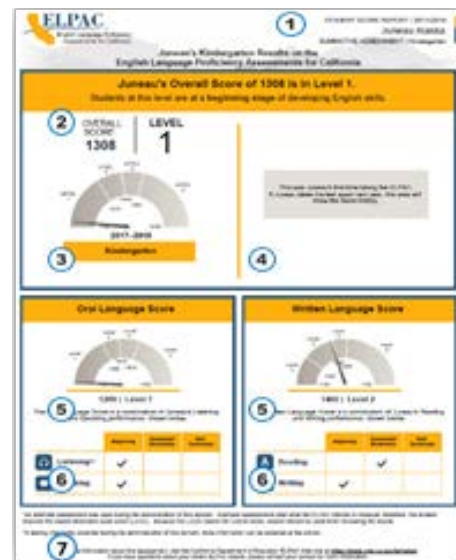

Understanding Your Student Score Report

2017–18 Summative ELPAC

This guide explains your child's Summative ELPAC score report. Please speak to your child's teacher(s) if you have more questions.

A message from the State Superintendent, Tom Torlakson

This report shows your child's results on the ELPAC, the newly-developed state test of English language proficiency. The ELPAC provides information about your child's annual progress toward English language. Because the ELPAC measures new English-language development standards, your child's ELPAC results should not be compared to prior test results from the California English Language Development Test (CELDT).

What is on the score report?

1. Your child's name and test information

Your child's name, grade, and the testing year are shown.

2. Overall score and performance level

Your child's overall score and performance level are shown. They are followed by a short description of the English skills that children at this performance level typically have. This test has four performance levels. More information about the ELPAC levels is in the table on the second page of this guide.

3. Chart of overall score and performance level

The chart shows the position of your child's overall score.

4. Overall score history

This was your child's first time taking the ELPAC. If your child takes the test again next year, this area on next year's report will show your child's scores from this year.

5. Charts of oral language score and written language score

Your child's overall score is a combination of two other scores: an oral language score (Listening and Speaking) and a written language score (Reading and Writing). These charts show your child's score and performance level for oral language and written language. As your child's performance in English improves, the score will move toward the right side of the chart.

6. Tables of results for Listening, Speaking, Reading, and Writing

The test measures English skills in four domains: Listening, Speaking, Reading,

and Writing. Your child’s performance in each domain is shown with a check (√) in one of three categories: “Beginning,” “Somewhat/Moderately Developed,” or “Well Developed.” This information is most useful to identify skills your child is performing well (Well Developed) or skills your child may need help to improve (Beginning).

7. Notices for some students

Some students take an alternate version of the ELPAC. In other cases, a testing irregularity may happen during an ELPAC administration. If either of these applies to your child, a notice will appear here.

The following information appears on the back of the student score reports. It provides more information about the test and about your child’s scores.

What Is the ELPAC?

The English Language Proficiency Assessments for California (ELPAC) Summative Assessment measures student progress toward meeting the California English Language Development Standards (ELD Standards), which describe the English language skills that students need to succeed in school.

The ELPAC Summative Assessment:

- Is given each spring to students who have been identified as English learners
- Includes questions about Listening, Speaking, Reading, and Writing

Your child’s ELPAC results:

- Are one measure of English proficiency that should be viewed with other available information, such as classroom tests, assignments, and grades
- Can be used to help talk to your child’s teacher about your child’s progress in English language development
- Can be used to determine if a student is ready to be reclassified as fluent English proficient (RFEP)

The four ELPAC levels shown in the table below describe what students at each performance level on the ELPAC can typically do in English.

ELPAC Level	ELPAC Gauge	What Students Can Typically Do at Each Level
Level 4		<p>Students at this level have well developed English skills.</p> <ul style="list-style-type: none"> ■ They can usually use English to learn new things in school and to interact in social situations. ■ They may occasionally need help using English.

ELPAC Level	ELPAC Gauge	What Students Can Typically Do at Each Level
Level 3		<p>Students at this level have moderately developed English skills.</p> <ul style="list-style-type: none"> ■ They can sometimes use English to learn new things in school and to interact in social situations. ■ They may need help using English to communicate on less-familiar school topics and in less-familiar social situations.
Level 2		<p>Students at this level have somewhat developed English skills.</p> <ul style="list-style-type: none"> ■ They usually need help using English to learn new things at school and to interact in social situations. ■ They can often use English for simple communication.
Level 1		<p>Students at this level are at a beginning stage of developing English skills.</p> <ul style="list-style-type: none"> ■ They usually need substantial help using English to learn new things at school and to interact in social situations. ■ They may know some English words and phrases.

The graphic below shows how the four ELPAC levels relate to the three proficiency levels described in the ELD Standards.

How can I help my child?

- Read to your child, or have your child read to you, on a regular basis.
- Use pictures and ask your child to tell you what he or she sees in the picture or what is happening in the picture.
- Provide your child with opportunities to use language outside of school.
- Talk to your child's teacher about your child's Listening, Speaking, Reading, and Writing skills to help support your child's progress.

Where can I get more information?

For more information about this assessment, visit the California Department of Education ELPAC website at <https://www.cde.ca.gov/ta/tg/ep/>.

Practice tests showing samples of ELPAC test items are available at <https://www.elpac.org/resources/practicetests/>.

Related Questions**

Internet Resources

Glossary of Terms and Acronyms

accommodations

Resources documented in a student's individualized education program (IEP) or Section 504 plan that an eligible student regularly uses in the classroom for instruction and/or assessment(s) and that are either (1) utilized in the assessment environment; or (2) consist of changes in procedures or materials that increase equitable access to the assessment. Accommodations may not fundamentally alter the comparability of test scores.

administration

An eligible student's attempt to take any part of the Initial ELPAC or Summative ELPAC.

alternate assessment

An assessment that is identified in an eligible student's IEP to measure English language proficiency.

California Department of Education (CDE)

The state government agency that oversees the state's public school system.

California English Language Development Test (CELDT)

California's previous test for English language proficiency (ELP); the CELDT is being replaced by the ELPAC.

composite score

The average of two or more other scores; for example, the Oral Language composite score is the combination of the Listening and Speaking scale scores, and the Written Language composite score is the combination of the Reading and Writing scale scores.

designated supports

Resources that an eligible student regularly uses in the classroom for instruction and/or assessment(s) and that (1) are available for use by any student for whom a need has been indicated with parent or guardian input, as appropriate, prior to assessment administration by an educator or a team of educators; or (2) are specified in the student's IEP or Section 504 plan.

domains

The areas of Listening, Speaking, Reading, and Writing assessed by the ELPAC.

ELPAC blueprints

Blueprints that outline the specific ELD Standards tested and the number of questions included within each domain on the ELPAC for each grade/grade span from K–12.

Blueprints are available on the CDE ELPAC web page at <https://www.cde.ca.gov/ta/tg/ep/documents/elpacblueprints.pdf>.

ELPAC continuous scale

The common scale for the ELPAC allows for the year-to-year comparisons of a student's scale scores on each domain (Listening, Speaking, Reading, and Writing). A student's scale score on the common scale can be compared from grade level to adjacent grade level regardless of grade span.

English Language Development (ELD) Standards

The 2012 ELD Standards describe the knowledge, skills, and abilities in English that are expected at exit from each proficiency level by English learners. Links to the ELD Standards are available on the CDE ELD Standards web page at <https://www.cde.ca.gov/sp/el/er/eldstandards.asp>.

English Language Proficiency Assessments for California (ELPAC)

Assessments that measure an English learner's proficiency in relation to the 2012 ELD Standards. Three purposes for the ELPAC are specified in state law: (1) identifying students as English learners; (2) determining the level of ELP for students who are English learners; and (3) assessing the progress of limited English learners in acquiring the skills of listening, speaking, reading, and writing in English.

English learner (EL)

A student in K–12 who, based on objective assessment, has not developed listening, speaking, reading, and writing proficiencies in English sufficient for participation in the regular school program. State and federal laws require that LEAs administer a state test of ELP as an initial assessment to newly enrolled students whose primary language is not English and to ELs as a summative assessment. The respective tests for California's public school students are the Initial ELPAC and the Summative ELPAC.

English Learner Progress Indicator (ELPI)

The indicator that measures the progress of ELs toward ELP.

home language survey (HLS)

A survey used to help identify students in need of EL services. Based on the responses in the HLS, students may be tested with the ELPAC to determine their level of ELP. The HLS is to be completed by the student's parent or guardian at the time of first enrollment in a California public school. A sample is available on the CDE English Learner Forms web page at <https://www.cde.ca.gov/ta/cr/el/forms.asp>. Note that federal and state laws require schools to determine the language used in the home of each student.

Individuals with Disabilities Education Act (IDEA)

A federal law to ensure that appropriate services are provided to students with disabilities throughout the nation. The IDEA governs how states and public agencies provide early intervention, special education, and related services to eligible infants, toddlers, children, and youths with disabilities.

Initial ELPAC

An initial assessment of English language fluency; it is first given to students whose primary language is other than English within 30 calendar days of enrollment.

Initial ELPAC window

The testing window that begins on July 1 and ends on June 30 of each school year.

initial fluent English proficient (IFEP)

Classification for students with a primary language other than English who take the ELPAC and meet the ELP criterion.

local educational agency (LEA)

A government agency that supervises local public elementary and secondary schools in the delivery of instructional and educational services. An LEA can be a school district, county office of education, special state school, or independent public charter school.

lowest obtainable scale score (LOSS)

The lowest score in a range of potential scores for a grade level and subject area. Scale scores can be compared from year to year within a given grade level and subject. Scale scores are not comparable across subjects and cannot be averaged across different grade levels.

performance levels

The ranges of scores in which students have demonstrated sufficient knowledge and skills to be regarded as performing at a particular English-proficient level. Student Initial ELPAC scores are identified as falling into one of three performance levels: Initial Fluent English Proficient, Intermediate English Learner, and Novice English Learner. Student Summative ELPAC scores are identified as falling into one of four performance levels: Level 4 (well developed), Level 3 (moderately developed), Level 2 (somewhat developed), and Level 1 (minimally developed).

performance level threshold scores

State Board of Education-established performance level cut scores for Oral Language (Listening and Speaking), Written Language (Reading and Writing), and Overall performance on the Initial ELPAC and the Summative ELPAC.

Performance Level Summary Report

A score report provided to LEAs that summarizes the total number of assessments scored and the percentage of students who tested within each performance level, by school and grade level within each LEA.

practice tests

Downloadable practice tests for each grade/grade span that provide examples of the task types for each of the four domains assessed. Practice tests are available on the ELPAC Practice Test web page at <https://www.elpac.org/resources/practicetests/>.

primary language

The language identified (at the local level) to be the student's primary language based on information provided on the HLS upon their first enrollment in a California public school. This identification is done only once during the course of the student's academic career, and the results of the survey are used to identify whether the student is to be assessed with the ELPAC.

raw score

The number of score points earned or answered correctly for each domain. Raw scores should not be used to compare results from grade to grade or year to year.

reclassification

The local process used by LEAs to determine whether a student has acquired sufficient ELP to perform successfully in academic subjects without EL support. *California Education Code (EC)* Section 313(f) specifies the four criteria that must be used when making reclassification decisions locally.

reclassified to fluent English proficient (RFEP)

Students with a primary language other than English who were initially classified as English learners, but who have subsequently met the LEA criteria for ELP. *EC* Section 313(f) specifies four criteria that LEAs must use in reclassifying students from EL to RFEP:

1. Assessment of ELP, using an objective assessment instrument, including, but not limited to, the state test of ELD
2. Teacher evaluation, including, but not limited to, a review of the student's curriculum mastery
3. Parent opinion and consultation
4. Comparison of student performance in basic skills against an empirically established range of performance in basic skills based on the performance of English proficient students of the same age

research files

Electronic reports available to LEAs once the data is verified and ready for public reporting. Both Summative ELPAC and Initial ELPAC reports are accessed through DataQuest on the CDE website at <https://dq.cde.ca.gov/dataquest/>.

scale score

A score derived from the number or percentage of questions that students must answer to score at each performance level and are used to equate tests from one administration to the next. Higher scale scores indicate higher levels of performance, while lower scale scores indicate lower levels of performance.

State Board of Education (SBE)

The state educational agency for California that sets education policy for kindergarten through grade twelve in the areas of standards, instructional materials, assessment, and accountability. The SBE adopts textbooks for kindergarten through grade eight, adopts regulations to implement legislation, and has the authority to grant waivers for certain sections of the *EC*.

Student Score File

The Student Score File is an electronic data file containing ELPAC scores for students tested during the Summative ELPAC window.

Student Score Report

A report that provides results of the ELPAC for individual students. The report includes student identifier information, purpose of the assessment (Initial or Summative), Overall performance, and Oral Language and Written Language composite scores. The Summative Student Score Report will have performance levels for each domain.

Summative ELPAC

The annual administration of the ELPAC assessment, which is administered only to those identified as ELs on the Initial ELPAC, to identify a student's level of ELP and assess a student's progression in acquiring skills in Reading, Speaking, Listening, and Writing.

Summative ELPAC window

A designated time period each year during which schools must administer the ELPAC to all students who were identified as ELs prior to the Summative Assessment window of February 1 to May 31 each year.

Title I of the Every Student Succeeds Act (ESSA)

The portion of the ESSA that requires states to administer a test to newly enrolled students whose primary language is not English to determine their level of English language fluency. In California, the Initial ELPAC serves this purpose. Students identified through the Initial ELPAC as English learners must be given the Summative ELPAC annually until they are reclassified as fluent English proficient.

universal tools

Resources that are available to all students who are administered the ELPAC assessments.

unlisted resource

An instructional support that a student regularly uses in daily instruction and/or assessment that has not been previously identified as a universal tool, designated support, or accommodation.

Scale Score Ranges for 2018–19 Results

Raw scores (the number of test questions answered correctly) should not be used to compare results from grade to grade or year to year. For the ELPAC, scale scores are derived from raw scores. Scale scores permit the direct comparison of test results from one administration of the ELPAC to another unless there have been changes in the scoring ranges. A threshold score, or cut point, is the scale score needed to reach a specified performance level. The Initial ELPAC and the Summative ELPAC are two separate assessments, based on two separate scales; therefore, the scale scores cannot be compared between the two assessments. In addition, the ELPAC and the CELDT scale scores cannot be compared from year to year, as they are two separate assessments.

Initial ELPAC Performance Level Scale Score Ranges

The scale score for determining the Overall performance level on the Initial ELPAC for individual and group results are as follows:

- Kindergarten; 90 percent Oral Language (Listening and Speaking) and 10 percent Written Language (Reading and Writing)
- Grade one; 70 percent Oral Language (Listening and Speaking) and 30 percent Written Language (Reading and Writing)
- Grades two through twelve; 50 percent Oral Language (Listening and Speaking) and 50 percent Written Language (Reading and Writing)

Grade	Score	Novice EL	Intermediate EL	IFEP
K–12	Overall	100–375	376–539	540–999

Preliminary Summative ELPAC Performance Level Scale Score Ranges

An ELPAC continuous scale was developed, making possible the comparison of results from grade to grade. For example, scores from the 2018 Summative ELPAC can be compared to scores on the 2019 Summative ELPAC for an individual student.

The scale score for determining the Overall performance level on the Summative ELPAC for individual and group results are as follows:

- Kindergarten; 70 percent Oral Language (Listening and Speaking) and 30 percent Written Language (Reading and Writing)
- Grades one through twelve; 50 percent Oral Language (Listening and Speaking) and 50 percent Written Language (Reading and Writing)

The State Superintendent of Public Instruction's approved preliminary thresholds for performance levels on the Summative ELPAC are provided below.

Grade	Score	Level 1	Level 2	Level 3	Level 4
K	Overall	1150–1378	1379–1413	1414–1443	1444–1700
K	Oral Language	1150–1389	1390–1417	1418–1450	1451–1700
K	Written Language	1150–1351	1352–1402	1403–1427	1428–1700
1	Overall	1150–1414	1415–1436	1437–1466	1467–1700
1	Oral Language	1150–1411	1412–1432	1433–1461	1462–1700
1	Written Language	1150–1416	1417–1439	1440–1471	1472–1700
2	Overall	1150–1419	1420–1446	1447–1488	1489–1700
2	Oral Language	1150–1409	1410–1436	1437–1476	1477–1700
2	Written Language	1150–1429	1430–1455	1456–1500	1501–1700
3–5	Overall	1150–1458	1459–1489	1490–1538	1539–1800
3–5	Oral Language	1150–1438	1439–1465	1466–1511	1512–1800
3–5	Written Language	1150–1477	1478–1513	1514–1565	1566–1800
6–8	Overall	1150–1472	1473–1510	1511–1553	1554–1900
6–8	Oral Language	1150–1435	1436–1477	1478–1531	1532–1900
6–8	Written Language	1150–1509	1510–1543	1544–1575	1576–1900
9&10	Overall	1150–1486	1487–1530	1531–1580	1581–1950
9&10	Oral Language	1150–1446	1447–1497	1498–1549	1550–1950
9&10	Written Language	1150–1525	1526–1563	1564–1610	1611–1950
11&12	Overall	1150–1487	1488–1529	1530–1587	1588–1950
11&12	Oral Language	1150–1445	1446–1480	1481–1541	1542–1950
11&12	Written Language	1150–1528	1529–1578	1579–1633	1634–1950
